

MEMORANDUM

To: Mayor and Council

Copy: Leadership Team

From: Joni Clarke, City Manager 
Beth Free, Chief Financial Officer 

Re: Fiscal Year 2012/13 Draft Budget

Date: July 18, 2012

BUDGET HIGHLIGHTS

The City Manager works very closely with the Finance Department and the various Department Directors to present a working budget for City Council review as required by Section 5.02 of the City Charter. Each year the process begins in February with a budget kick-off meeting and from February to June, various departments come before City Council with their proposed budgets. It is not until July that Council is presented with the overall picture, the sum total of the revenues and the various expenses by fund and departments. This is when the hard work really begins and the balancing of the council's goals with the necessities of running the various functions of the programs tasked to the departments.

This year's budget has been extremely challenging. With additional and enhanced services expected from City staff combined with decreasing revenues many sacrifices have been made in the budget that is now presented to you. When the initial tax roll came in on April 20th, the initial calculations showed revenues from ad-valorem tax down by \$102,726. On July 3rd the third notice of preliminary values came in and with a change in the estimated collection rate up over last year by 1.78% the final decrease in ad-valorem revenues over last year is down by \$99,795. The tax roll will be certified on July 25th and will be reviewed by the City Manager and Chief Financial Officer and presented to City Council.

When we began to balance the preliminary budget, we were \$1.7 million dollars in expenditures over revenue in the General Fund. Staff was asked to go back and look for ways to reduce the deficit. Staff has worked very hard and sacrificed many programs to present the City Council with a balanced budget.

PROGRAMS NOT FUNDED

Some of the major projects (with ESTIMATED costs) that are not included in the Draft Budget for fiscal year 2012/13 are:

- The old City Hall renovation (\$400,000)
- The construction of the new park next to the Travel Lodge site (\$300,000)
- Padre Boulevard improvements (\$400,000)
- Gulf Boulevard improvements (\$300,000)
- General street maintenance (\$300,000)
- General street repairs/reconstruction (undetermined)
- Federal lobbyist, Myers & Associates (\$60,000)
- Sidewalks on Padre Boulevard (undetermined)
- Phase 2 of the Market adjustments (\$136,688)
- COLA reduced from 3% for all staff to 1% for non-exempt employees only (\$358,277)
- Palm tree trimming (\$40,000)
- Numerous IT enhancements (\$46,000-will be discussed in further detail later)
- Travel and training was reduced across the board
- The lease payment on the new radio console was deferred until fiscal year 2013-2014 (\$38,000)
- Paid Parking on Gulf Boulevard (undetermined)

TAX RATE

Our current tax rate is at .2504 of which .218521 is for Maintenance and Operations (M&O) and .031879 is for Debt Service (I&S). In general, for every one cent increase in the tax rate, it would yield approximately \$250,000 in ad valorem revenue and cost an average homeowner \$37.

EXPENDITURE REDUCTION HIGHLIGHTS

FUND OVERVIEW

The following information provides a brief overview of each fund and department reductions from the initial proposed budget.

Fund 01 – General

The General Fund is the main operating fund of the City. This fund is the one that has taken the most severe cuts with reductions not only in ad-valorem revenue of \$147,785 but additionally a reduction in grant revenue of \$108,310, a reduction in licenses and permits and miscellaneous revenue combined of \$112,907.

Departments

City Council: This Department consists solely of funds for the City Council to travel to various events. The amount of travel was reduced by \$3,000.

City Manager's Office: This Department provides oversight of daily operations and implements City Council policies. Travel and training was reduced by \$6,720 from the original proposed budget. Professional services were reduced by \$1,300 over last year and dues and memberships were reduced by \$213 over last year.

Finance Department: This Department provides for the operations of the financial functions of the City. By reducing the COLA and eliminating the market adjustments, personnel services were reduced by \$8,641. Travel and training was reduced by \$848.

Planning: This Department provides for the planning and economic development operations of the City. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$3,808. Goods and supplies were reduced by \$650.

Technology: This Department provides for the management of the technology infrastructure of the City and manages internal and external communication. Numerous projects were eliminated from this budget including: Incode Project Module and Incode Accounts Receivable Module which will be funded in the current fiscal year budget. Laserfiche, the document imaging software that was purchased several years ago has been stalled due to lack of training, and it was cancelled again in the amount of \$10,000. The Incode Building Permit Module was eliminated saving \$9,500. AV upgrades were reduced from \$12,000 to \$3,000 and the required Police Department advanced authorization module was reduced by \$2,000. This software is required to keep the Police Department in compliance with Federal Regulations; however, due to more competition in the marketplace for this product it was felt that the City could find a cheaper resource for the software. In addition, professional services were reduced by \$5,000.

Human Resources: This Department provides for the management of the City's staffing needs and creates the framework for an effective and appropriate workplace culture through policy development. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$7,259. Tuition assistance was reduced by \$10,000 since the initial budget workshop, and overtime was reduced by \$2,000. Local meetings in the amount of \$100 was eliminated.

Municipal Court: This Division provides for the operations of the Municipal Court for the City. By reducing the COLA and eliminating market adjustments, personnel services was reduced by \$4,410. Overtime was reduced by \$2,000. Local meetings in the amount of \$100 was eliminated.

Police: This Department is responsible for the safety and protection of the citizens of the City and our visitors. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$33,034. Office supplies was reduced by \$1,000 as well as minor tools and equipment.

Fire & EMS: This Department is responsible for providing fire protection and emergency medical response. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$93,282. Office supplies was reduced by \$1,000. Fire prevention was reduced by \$3,000. Batteries were reduced by \$1,000. Medical supplies were reduced by \$6,400 over last year's budget. The physical and training program of \$15,500 was eliminated due to the new fitness facility that is anticipated in the new fire station. Dorm and kitchen supplies were reduced by \$4,000. Furniture and fixtures in the amount of \$1,000 was eliminated. Fire hydrant repairs were reduced by \$5,000 from the original proposed budget. Travel and training was reduced by \$5,190. Machinery and equipment in the amount of \$25,000 was eliminated.

Code Enforcement/Environmental Health Services: This Department is responsible for enforcing City ordinances, animal control, mosquito control, health inspections and green initiatives. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$6,326. A part time position was moved to full time, thereby reducing part time by \$12,500 over last year's budget. Animal supplies were reduced by \$1,600. Furniture and fixtures were reduced by \$450. Radios were reduced by \$5,000. Travel and training was reduced by \$6,615. Dues and membership was reduced by \$1,430.

Fleet Management: This Division falls under Public Works and is responsible for the overall management and maintenance of the City's vehicles and motorized equipment. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$2,735. In line with the adoption of the fleet replacement policy, \$81,200 is included in the draft budget to replace a total of 13 vehicles and one utility trailer. We

greatly anticipate this will mitigate the escalating repairs and maintenance costs which were reduced over last year's budget by \$40,307. In addition, fuel and lubricants for Public Works and Environmental Health were reduced by \$12,000 to better reflect historical trends.

Facilities and Grounds Maintenance: This Division falls under Public Works and is responsible for the maintenance of the City Hall, Old City Hall which currently houses the Fire Department and Wave buildings and grounds. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$3,191.

Building Inspections: This Division falls under Public Works and is responsible for issuing building and various other permits and inspecting for building code compliance. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$728.

Public Works: This Department is responsible for the overall maintenance of city buildings, public rights-of-ways, storm sewers, and any other public facility not cared for by other departments. By reducing the COLA and eliminating market adjustments and eliminating the salary for the Public Works Director, personnel services was reduced by \$123,461. It's important to point out that the work of the Public Works Director has not gone away, and those extra responsibilities have been assigned to the Assistant City Manager and the Interim Public Works Director. The palm tree trimming of \$40,000 was removed from the budget. The storm sewer maintenance was reduced from \$25,000 to \$10,000.

Emergency Management: Formerly under the Fire Department, this Division has been assigned to the Police Department and has no personnel cost as the Emergency Management Coordinator also serves as the Assistant Police Chief and his salary is budgeted in the Police Department. Travel and training was reduced by \$2,645.

General Services: This budget is to cover the general overhead of the City's shared resources such as electricity, water/sewer, insurance, auditing and legal services. Professional services in the amount of \$15,000 were eliminated compared to last year's budget. Audit fees were reduced by \$9,000 with that amount being split with the Transportation and Convention Center Funds. The wellness program of \$8,000 was eliminated. Automobile liability was increased by \$9,000 as well as official liability increasing by \$2,000.

Special Projects: This budget is to cover lobbyist fees, transfers to other funds for special projects, miscellaneous Spring Break expenses and contributions the City Council gives to local organizations. Professional services were reduced by \$25,500 and includes 75% of the expenses associated with the Hillco contract with the South Padre Island Economic Development Corporation paying the other 25%. The federal lobbyist contract of \$60,000 has been eliminated. The \$15,000 that was initially included for

the construction of the Public Works yard has been removed as there is a strong belief that we can complete the project in this fiscal year. There was originally budgeted a transfer of \$1 million to the Street Fund for projects, but when faced with a shortage of \$1.7 million these projects had to be eliminated. There is no money available for any outside agencies and the only one funded is the animal services at half of the original budget of \$30,000 for a savings of \$15,000.

In short, it has been a very difficult struggle to present the City Council with a balanced budget. Staff has worked very hard and sacrificed much. The exempt employees, while faced with rising gas and food costs have had to maintain their current salary levels without any COLA or market adjustments resulting in a saving to the City of approximately \$48,762. Many community projects that are very important to staff and the City Council alike have not been included in the Draft Budget for fiscal year 2012/13.

Fund 02 – Hotel/Motel Tax

The Hotel/Motel Tax Fund is used to account for the receipt of the City's hotel occupancy tax.

This fund is now split into four distinct divisions with the separation of the marketing expenses from the "sales and marketing" which is now "sales and administration". The Marketing Division is strictly for costs associated with marketing and includes no personnel costs. In addition, there has been some shifting of personnel between divisions and some re-assignment of duties so you will see a lot of variation in the personnel budgets.

Visitors Bureau: This Division is responsible for the maintenance and operations of the Visitors Center. Some personnel changes were made reducing the total personnel costs by \$13,242. Postage was taken out of this Division and moved to the new Marketing Division. The building and structures was decreased by \$49,600 as the major renovations to the building will be done in the current fiscal year. We will be replacing the current vehicle under the new master vehicle lease program.

Sales & Administration: This Division is responsible for the promotion of South Padre Island as a destination of choice for travel consumers. The Atkins contract used to be in this section of the budget. All of those costs have been moved to the new Marketing Division. In addition, there has been some shifting of staff and one position was moved from Sales and Administration to Events Marketing. This year we have budgeted for the outsourcing of the collection of the Hotel Occupancy Tax. We believe this will enhance compliance and increase collections.

Events Marketing: This Division is responsible for the marketing and managing the special events that are held on our beautiful island. The increase in personnel in this Division is not a new position but a transfer of personnel from the Sales and

Administration. All of the events that you see listed under the Tourism and Cultural section have been recommended by the CVA.

Marketing: This Division is newly created and it has no personnel costs but is where all marketing related expenses will be budgeted. This budget includes the expenses associated with professional services provided by The Atkins Group, fulfillment and associated postage expense, travel writers and familiarization tours, etc.

Fund 06 – Convention Center

This fund also utilizes hotel occupancy tax revenue but is different from the Hotel/Motel Fund as its primary purpose is to fund the physical plant associated with the Convention Centre. This year's budget proposes to replace equipment such as the tables used for conventions, kitchen items, computers, a fork lift and also a new vehicle under the new vehicle master lease program. You will note also that \$500,000 has been budgeted for reserves.

Fund 09 – Parks, Recreation and Beautification

This is a relatively new fund and was created to fund some of the activities of the Parks and Recreation Committee to host community events. This year's budget is an exact reflection of last year's original budget. It is anticipated that \$4,000 will be raised in event fees and a transfer from the General Fund will fund \$11,000.

Fund 21 – Municipal Court Technology

The Municipal Court assesses and collects a fee in the amount of four dollars (\$4.00) from a defendant upon conviction for a misdemeanor. This year's budget is an exact reflection of last year's budget with anticipated revenues of \$8,000 and some technology related expenditures for several new ticket writers.

Fund 22 – Municipal Court Security

The Municipal Court of the City is authorized and required to assess a municipal court building security fee in the amount of three dollars (\$3.00) against all defendants convicted of a misdemeanor offense by the Municipal Court. This year's budget is an exact reflection of last year's budget with anticipated revenues of \$6,000 and some security related expenditures for the enhancement of the court security system.

Fund 30 – Transportation

The Transportation Fund revenues consist of Federal funds along with local funds from Port Isabel (\$50,000) and the General Fund (\$50,000). There is anticipated increase in federal funding of \$15,000 over last year. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$13,062. This will be offset by the rising cost of gas and the addition of two new vehicles to the route resulting in an increase of \$61,159 in fuel costs. The purchase of several new vehicles is budgeted at \$119,547. The Transit Division is picking up \$3,500 of the total \$25,000 auditing fees.

Fund 43 – Street Improvement

The Street Improvement Fund is established to capture expenses associated with street maintenance, drainage, and traffic related studies. This year we started with high anticipation and funded \$400,000 for the Padre Boulevard schematic, \$300,000 for Gulf Boulevard, and \$300,000 for sidewalks. With the \$1.7 million deficit, all three projects were not included in the Draft Budget to enable staff to present the City Council with a balanced budget.

Fund 45 – Construction in Progress Fund

This year the fund was used for the construction of the new Fire Station. There are no projects budgeted in this fund as it is anticipated that the construction of the Fire Station will be complete.

Fund 50 – General Debt Service

This is where the City accounts for the financing associated with the Municipal Complex and this year for the interest payments on the debt on the new fire station. The projected I&S Tax rate to cover the \$475,000 in principal and \$299,316 in interest payments is .031879, an increase over last year of .005834. This increase in the I&S portion of the total tax rate results in a direct decrease of the percentage available to the General Fund. Keeping the total tax rate the same, but increasing the percent that goes to the I&S reduces the percent that goes to M&O.

Fund 52 – EDC Debt Service

This is where the City accounts for the financing associated with the Birding and Nature Center. This is funded with transfers from Fund 80, the EDC. Total revenues and expenditures for the debt payment is scheduled at \$390,365.

Fund 60 - Beach Maintenance

This fund is financed with the 1% hotel occupancy tax collected by the State of Texas remitted back to the City. This fund is split into three distinct divisions.

Fire/Beach Patrol: This Division is responsible for patrolling the beach and monitoring the safety of our beach visitors. In June of 2012, the City entered into an inter-local agreement with the county to provide beach rescue services at the county beach access points. This contract is budgeted for \$247,000 for this fiscal year, and it's anticipated that this amount will cover the additional expenditures.

Beach Maintenance: This Division is responsible for the maintenance of our beaches including litter pickup, sargassum raking and cleaning up after fish kills due to red tide or other items washed up on our beaches. By reducing the COLA and eliminating market adjustments, personnel services were reduced by \$2,462. With the implementation of the fleet replacement policy, one truck and one tractor will be replaced.

Fund 61 – Beach Access

This fund is for the construction of walkovers for access to the beach. There are no new projects anticipated for this fund.

Fund 62 – Bay Access

Bay Access is funded with General Fund dollars and funds projects such as Boat Ramp and Channel Signage projects. The only projects anticipated in this fund is the maintenance of the landscaping at the bay access street endings.

Fund 81 – Beach Nourishment

Beach Nourishment is funded with one percent of the tax collected by the state on the hotel motel tax that is remitted back to the city for Beach re-nourishment projects. This year the GLO is estimating that the city's match of the BUDM will be \$651,525. In addition, professional services have been allocated to Peter Ravella in the amount of \$30,000 and HDR for \$40,000.

I sincerely appreciate the opportunity to serve the City Council and the citizens of South Padre Island. A special thank you to the Leadership Team who were of great assistance in preparing this draft budget and I certainly consider it a privilege to work with such highly skilled and dedicated professionals. Our staff continues to deliver exemplary service to our community and I am truly grateful for their hard work and dedication.
